

Accessibility Awareness Continuum: Field Trips, School Events And Special Events

There will always be scope to improve

Indicator: Students of all abilities actively participate in events and field trips.

Our School Environment	Our Classrooms	Our Students
<p>How do we work within existing policies to ensure that opportunities to participate in field trips and special events are made available to all students?</p> <p>How do we ensure that all students are supported by equitable access to transportation and other necessary supports?</p>	<p>How do we build in opportunities for students of all abilities to experience active participation in school events and field trips?</p> <p>How do we plan for field trips and/or events to meet accessibility requirements for all students?</p>	<p>How are students connecting with peers while participating in field trips and/or school or special events?</p> <p>How are students of all abilities participating in a variety of extra-curricular activities?</p> <p>How do students show that they explore, view, and challenge barriers, values and behaviours that could impact accessibility?</p>
